# PRIVATE REAL ESTATE IN DEFINED CONTRIBUTION SURVEY

2025

A comprehensive study of DC capital raising, structuring and enterprise metrics in the real estate investment management industry

# **The Private Real Estate in DC Survey 2025**

The Private Real Estate in Defined Contribution (DC) Survey is the only comprehensive study delving deeply into defined contribution capital raising, structuring, organizational metrics and best practices of real estate investment managers.

Produced for the fifth year, the Private Real Estate in Defined Contribution Survey is released in partnership with DCREC (the Defined Contribution Real Estate Council), NAREIM (the National Association of Real Estate Investment Managers), NCREIF (the National Council of Real Estate Investment Fiduciaries) and PREA (the Pension Real Estate Association).

#### The Survey covers:

- Scale and growth of DC offerings and the management of DC real estate vehicles
- Breakdown of trends, including DC real estate capital flows from 2020 through year-end 2024
- Organizational resources currently used and planned for the future in supporting DC real estate strategies

Representing more than \$1.3 trillion in gross AUM and a cross-section of the industry in terms of size, strategy and geography, 21 real estate investment management firms in the US responded to the Private Real Estate in Defined Contribution Survey 2025 between May and July 2025. Assets are represented as of December 31, 2024.

DCREC (the Defined Contribution Real Estate Council) was formed in 2012 to promote the inclusion of investments in direct commercial real estate and real estate securities, including REITs, within defined contribution plans. Its goal is to improve participant outcomes by furthering education about, advocacy for, and best practices of such investments. Members include many of the leading providers of real estate investment products to the defined contribution marketplace.

NAREIM™ (the National Association of Real Estate Investment Managers™) is the industry association dedicated to the business and organizational strategy of real estate investment management. Founded in 1990, NAREIM represents more than 100 management firms with combined assets under management of more than \$3 trillion. Our focus is on peer-to-peer networking, where the only conversations are candid and brutally honest.

NCREIF (the National Council of Real Estate Investment Fiduciaries) serves the institutional real estate investment community as a non-partisan collector, validator, aggregator, converter and disseminator of commercial real estate performance and benchmarking information. With over 500 members, NCREIF collects both property and fund level information from its members on a quarterly and monthly basis, brings members together for two conferences a year and provides educational training and development.

Founded in 1979, **PREA** (the Pension Real Estate Association) is a non-profit trade association for the global institutional real estate investment industry. PREA serves its members engaged in institutional real estate investment through the sponsorship of objective forums for education, research initiatives, membership interaction and the exchange of information.
